

Reliable. Scalable. Nimble.

Qwest® Office Connect and Office Connect PRO combine Qwest iQ Networking® service, equipment, installation and local access into a single-source communications solution customized to fit your unique business needs.

Reliability, scalability and flexibility:

- ▶ An optimal and reliable solution connects your office with ease of integration and high functionality
- ▶ Multiple bandwidth configuration options help you keep up with your mission-critical applications
- ▶ Turnkey solutions are designed specifically for your business

Experienced, “buck-stops-here” support keeps your business moving forward:

- ▶ An optional security solution for dependable protection of your data and networks to ease your concern about safety and uptime
- ▶ Custom features designed to meet the needs of your business include:
 - Your choice of select ADTRAN® NetVanta or Cisco® access router options
 - A uniquely configured firewall — available with the iQ Networking Internet Port Office Connect PRO option
 - A custom Quality of Service (QoS) configuration — available with the iQ Networking Private Port Office Connect PRO option

Tailored solutions streamline performance and save you money:

- ▶ Customized for your existing platform to eliminate the need for expensive overhauls
- ▶ An all-in-one solution that includes a port, equipment and loop
- ▶ A bundled solution for both your local area and wide area networks improve your total cost of ownership

Qwest offers scalable, customizable and responsive communications solutions that fit your growing business—plus a powerful commitment to priority business service.

Prices start at just \$475 a month with a 36-month-term commitment.
